**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brett J. Slaney (Reg. No. 58,772) on 01/09/2008.

The application has been amended as follows:

23. A cryptographic unit configured for generating a key  $k$  for use in a cryptographic function performed over a group of order  $q$ , said cryptographic unit having access to computer readable instructions ~~for~~ and comprises:

an arithmetic processor for:

generating a seed value  $SV$  from a random number generator;

performing a hash function  $H()$  on said seed value  $SV$  to provide an output  $H(SV)$ ;

determining whether said output  $H(SV)$  is less than said order  $q$  prior to reducing mod  $q$ ;

accepting said output  $H(SV)$  for use as said key  $k$  if the value of said output  $H(SV)$  is less than said order  $q$ ;

rejecting said output  $H(SV)$  as said key if said value is not less than said order  $q$ ;

if said output  $H(SV)$  is rejected, repeating said method; and

if said output  $H(SV)$  is accepted, providing said key  $k$  for use in performing said cryptographic function, wherein said key  $k$  is equal to said output  $H(SV)$ .

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments put forth in the response filed 10/30/2007 are persuasive. Specifically the prior art generally teaches the steps of generating a key using a seed and hash function. However, the prior art fails to teach determining whether the output of the hash value is less than an order  $q$  prior to reducing mod  $q$ .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
